About us

Company profile

Since 2005, LGI assists researchers and technology developers from throughout Europe, with a unique integrated approach:

- Scientific & technology watch
- Proposal development & project management
- Dissemination, exploitation
- Training on EU programmes

Our added value

- **International & multidisciplinary team**
 - **Modular & flexible approach**
 - **Years of experience since FP6**
 - **Web-based project toolbox**
 - **Network of EU partners**

As a partner or a contractor, LGI has been involved in more than 20 EU projects since FP6

We also manage the Secretariat of a European Technology Platform since 2008, and carry out a number of studies for the European Commission and its agencies

A selection of EU projects
